

63SA-7 SMALL APERTURE® SERIES

6.5" 3-WAY FULL-RANGE - 3" CEILING OPENING

Size	13.62 h x 9.75 w x 6.375 d (in) 346 h x 248 w x 167 d (mm)
Freq Response	38Hz-22kHz±3dB
Impedance	4 ohms
Sensitivity	85dB 2.83V /1m
Power req.	25-50W
Woofer	(1) 6.5" (165 mm) Aluminum
Mid	(1) 2" (50 mm) Aluminum
Tweeter	(1) .75" (19 mm) Aluminum
Finishes	See Trim Kit Options

- (1) 6.5" (165 mm) High Excursion Aluminum Woofer
- (1) 2" (50 mm) Aluminum Midrange
- (1) 0.75" (19 mm) Aluminum Dome Tweeter

Unlike anything you have seen or heard, James Loudspeaker has raised industry standards once again. The James Small Aperture® in-ceiling/in-wall speakers have a very small 3" round or 3"x 3" square sound aperture yet pack in a full 3-way system for deep bass and wide frequency response. A seamless edge detail keeps them looking smart and modern yet discrete. The system includes a mini PowerPipe 6.5" subwoofer, 2" midrange, and 3/4" dome tweeter for wide 38Hz to 22kHz response. Having a real subwoofer also allows the system to play at loud levels. Deep bass and high SPL from such a small visible opening causes a second take!

All aircraft grade aluminum construction and a modular design provide long life and easy service, while installer configurable protection offers the utmost reliability. The 63SA-7 has a small foot print with a 7" depth and is best suited for in-ceiling mounting. The SA series is designed to also accept industry standard lighting trim kits to allow integration with similar styled lighting products.

Order woofer assembly, mid-range module and grille kits separately.

Square Option

Round Option

Spacer Ring

63SAS-7 Sub Assembly
63SAM-7 MidTwt Module

63SA Style	Type
SA63-3R-SR	3" Round Sheetrock, .5" d
