VISUAL PERFORMANCE[®] EXTREME

VPXT6 · VPXT8R · VPXT6R · VPXT6R SST

Sonance Visual Performance Extreme Speakers combine best-in-class audio performance, award winning aesthetics, weather proof material and a new grille retention system.

Extreme speakers feature the same Visual Performance Series aesthetic and paintable low-profile grille to blend into the surrounding wall or ceiling area and provide consistency with the rest of the home.

The VP Extreme speaker also includes Sonance's XPC Grille Retention Technology[®] ensuring the grille is held securely in place even during high pressure washing.

They are built to withstand extreme temperatures from -30°F to +175°F (34°C to +79°C) and conform to Military Standard 810G and IP-66 ratings making them the ideal solution for bathrooms, patios and marine environments.
